Attorney General John Ashcroft
US Department of Justice
950 Pennsylvania Avenue, NW
Washington, DC 20530-0001

Dear Attorney General Ashcroft:

It is nice to see that the trust and loyalty I have placed in this government for many years have been merited. Thank you for coming to a formal agreement with Microsoft. It does not make sense to revisit this issue.

It is necessary for us to work more efficiently during a very difficult period in the country. It is wise to allocate our funds to improve morale and boost the private and public sector. We only need to turn on the nightly news to see that the unemployment rate is at an all time high. There is no need to drag this issue out any further. Microsoft is willing to compromise to reach a good settlement.

I support the settlement, and look forward to seeing it in place soon.

Sincerely,

June Place
